

COMMUNITY WILD RICE WORKSHOP

Interested in learning more about *manoomin* (wild rice)? Join **James Whetung** of Curve Lake First Nation for the day to learn how to honour, harvest, process and prepare this amazing food that is native to the Kawartha Lakes Region.

Sunday September 25, 2016 - 10 am to 3 pm

This is a family friendly event. Everyone is welcome to come, respectfully participate and learn. We will be starting by harvesting by canoe from Kerry Line on Pigeon Lake, followed by learning how to process the manoomin into its edible form at Black Duck Wild Rice in Curve Lake.

Please **pre-register** so that we can send you workshop details, directions and so that we make sure we have enough canoes and equipment for everyone to participate.

Donations welcome - pwyc
