W-We will add the list of people who help us with each section and then compile them for this section.

Re-Newport document could be used extensively for the introduction. Vermont Council for Rural Development on Community Visits tab is where it can be found on the Web for reference. This is a very current document that was made with much community input, so it well reflects what the city vision is.

As we have sections finished we can bring them to the meetings and begin to chip away or send to ZA so he can distribute to us to review before meeting. We cannot have any discussion between ourselves unless we are in a meeting.

7:45 p.m. Other business. ZA will ask Alison Low to come in two meetings once we have started to do our sections.
